

## Math Assignment

Math assignment can be found [here](#).

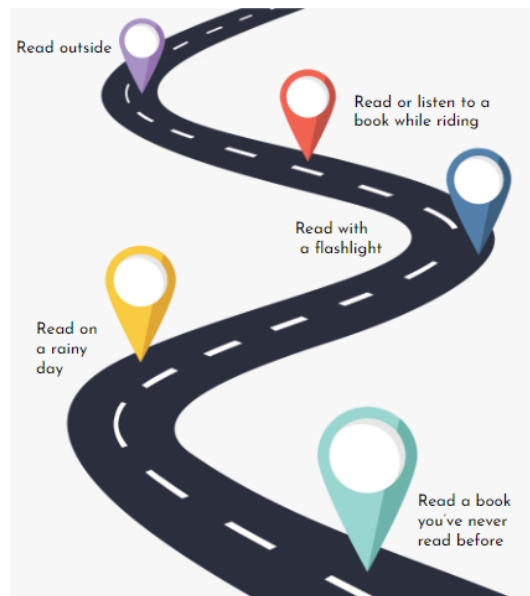

## Summer Reading Assignment

### Daily and Weekly Reading

TLC rising second and third grade students are encouraged to have exposure to literature that they enjoy, each day. They can read aloud, listen to a story on tape, or be read to by someone else. The emphasis is on enjoyment of the written and spoken word in a variety of forms.

Students are challenged to follow the Highway to Literacy Success this summer! See how many stops your student can make along the way! We also ask that you keep a log of books read this summer.

### Highway to Literacy Success!

The American Library Association has a great website with [summer reading resources](#) for a variety of reading levels.
